Leslie Reilly
LASR Services
P.O. Box 21
Westport Point MA 02791

I have been a Business Manager for St. Anthony's Parish in E. Falmouth for five years. When I was hired I was not familiar with QuickBooks by Intuit. I contacted LASR Services through a colleague that stated Leslie may be able to help.

Leslie worked with me both in person and via shared viewing on the PC. I learned payroll, billing, check writing, report generating and the understanding of what is being generated. Working with Leslie I was able to learn just what I needed to run the parish finances. I didn't have to take a course lasting days teaching me things that I didn't have to learn about QuickBooks. I asked Leslie to stay on, to balance my QuickBooks checking accounts per the Diocesan policy.

Working for a Church required me to wear a few different hats. As my plate was getting more filled, I found myself not having the time to accomplish the paying of the weekly liabilities, the 941 quarterlies and the end of the year W2 and 1099 forms. I contacted LASR Services and spoke once again with Leslie, telling her of my problem. With a quick response of "I can do that for you", those time consuming and worrisome filings were off my plate.

Even now, I will find myself with a question due to something new I am doing with QuickBooks. I call LASR Services and I am speaking with someone within an hour; most often Leslie will answer the phone and talk me through what I need to do in order to accomplish my new task.

It is a pleasure to write this appreciation letter to LASR Services for all the help and services I have had and still continue to get from Leslie.

Thank you,

Daniel M. Cunha
Business Manager
